

Please don't allow LPFM stations to take priority over current FM translator services because it could take away my KLOVE station that I listen to. it's the only good Christian radio station in my local area for me to listen to and it's so important to me to be able to have uplifting Christian music on the radio (not just on CD's because there's so much more that I gain from their messages they provide aside from the great music! This is so important for so many in my community also for the same reasons and we would be truly missing out if we didn't have this. There are so much negative, innappropriate & sinful messages portrayed on other local radio stations that affect me & my children's lives negatively and are bad influences on the children. It's so important for the public to have the option of a positively influential radio station available to them, so again, please don't allow this change to take place!
